
Shri V.Ramanathan

Shri V.Ramanathan, M.Sc, M.Phil is a Mathematician with a Post Graduate Diploma in Computer Applications from Bharathidasan University, Tiruchirappalli. He joined the Department of Ocean Development (DOD) in August 1996 and is presently working as Scientist-D in the National Centre for Coastal Research (NCCR). His

responsibilities at NCCR includes design and development of software applications for coastal research, system and database management, system administration, network management and IT infrastructure planning.

He has worked in the design and development of geospatial database in projects related to Critical Habitat Information Systems, development of model ICMAM Plan etc. He is instrumental in the implementation and operationalisation of High Performance Computing (HPC) facility at NCCR. He has contributed significantly in implementation of online procurement through Central Procurement Portal (CPP) and Government e-Marketplace (*GeM*) at NCCR.

He is presently involved in formulating strategies for data reception and dissemination for two operational Flood warning systems developed for the metropolitan cities of Chennai and Mumbai.

He is awarded with Certificate of merit for his outstanding contributions in design, development and maintenance of IT services in the field of Ocean Science.
